

# Safety Data Sheet

Issue Date: 06-Jan-2012

Revision Date: 25-Sep-2017

Version 2

## 1. IDENTIFICATION

### Product Identifier

**Product Name** Buckeye Eco pH Neutral Cleaner

### Other means of identification

**SDS #** BE-6031

**Product Code** 6031

### Recommended use of the chemical and restrictions on use

**Recommended Use** pH Neutral Cleaner, Water Based.

### Details of the supplier of the safety data sheet

#### Supplier Address

Buckeye International, Inc.  
2700 Wagner Place  
Maryland Heights, MO 63043 USA

### Emergency Telephone Number

**Company Phone Number** 1-314-291-1900

**Emergency Telephone (24 hr)** Transportation - INFOTRAC 1-352-323-3500 (International)  
1-800-535-5053 (North America)  
Medical - (International) 1-651-632-8956 (North America) 1-800-303-0441

## 2. HAZARDS IDENTIFICATION

**Appearance** Clear purple solution

**Physical state** Liquid

**Odor** Lavender fragrance added

### Classification

Serious eye damage/eye irritation

Category 2

### Signal Word

Warning

### Hazard statements

Causes serious eye irritation

### Precautionary Statements - Prevention

Wash face, hands and any exposed skin thoroughly after handling  
Wear eye/face protection

**Precautionary Statements - Response**

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing  
If eye irritation persists: Get medical advice/attention

**3. COMPOSITION/INFORMATION ON INGREDIENTS**

| Chemical Name          | CAS No.   | Weight-% |
|------------------------|-----------|----------|
| Sodium xylenesulfonate | 1300-72-7 | <10      |
| Borax                  | 1303-96-4 | <5       |
| Citric Acid            | 77-92-9   | <2       |

\*\*If Chemical Name/CAS No is "proprietary" and/or Weight-% is listed as a range, the specific chemical identity and/or percentage of composition has been withheld as a trade secret.\*\*

**4. FIRST AID MEASURES****First Aid Measures**

|                     |  |
|---------------------|--|
| <b>Eye Contact</b>  | Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Call a physician if irritation persists.  |
| <b>Skin Contact</b> | Wash off immediately with plenty of water for at least 15 minutes. If skin irritation persists, call a physician.                  |
| <b>Inhalation</b>   | Remove to fresh air.   |
| <b>Ingestion</b>    | Drink 2-3 large glasses of water. Do NOT induce vomiting. Call a physician. Never give anything by mouth to an unconscious person. |

**Most important symptoms and effects**

|                 |   |
|-----------------|---|
| <b>Symptoms</b> | Contact will cause irritation and redness to exposed areas. Can cause defatting of skin tissue. |
|-----------------|---|

**Indication of any immediate medical attention and special treatment needed**

|                           |  |
|---------------------------|--|
| <b>Notes to Physician</b> | Treat symptomatically. Dermatitis or other pre-existing skin conditions may be aggravated by overexposure to this product. |
|---------------------------|--|

**5. FIRE-FIGHTING MEASURES****Suitable Extinguishing Media**

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

**Unsuitable Extinguishing Media** Not determined.

**Specific Hazards Arising from the Chemical**

Combustion products may be toxic.

**Hazardous Combustion Products** Carbon oxides.

**Protective equipment and precautions for firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

## 6. ACCIDENTAL RELEASE MEASURES

### Personal precautions, protective equipment and emergency procedures

**Personal Precautions** Use personal protection recommended in Section 8.

### Environmental precautions

**Environmental precautions** Prevent from entering into soil, ditches, sewers, waterways and/or groundwater. See Section 12, Ecological Information. See Section 13: DISPOSAL CONSIDERATIONS.

### Methods and material for containment and cleaning up

**Methods for Containment** Prevent further leakage or spillage if safe to do so.

**Methods for Clean-Up** Pick up with mop, wet/dry vac, or absorbent material. Rinse area with clear water and allow floor to dry before allowing traffic.

## 7. HANDLING AND STORAGE

### Precautions for safe handling

**Advice on Safe Handling** Handle in accordance with good industrial hygiene and safety practice. Use personal protection recommended in Section 8. Avoid contact with skin, eyes or clothing. Wash face, hands and any exposed skin thoroughly after handling. Keep containers closed when not in use.

### Conditions for safe storage, including any incompatibilities

**Storage Conditions** Keep container tightly closed and store in a cool, dry and well-ventilated place. Store at room temperature.

**Incompatible Materials** Chlorine bleach.

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

### Exposure Guidelines

| Chemical Name          | ACGIH TLV   | OSHA PEL                            | NIOSH IDLH               |
|------------------------|---|-------------------------------------|--------------------------|
| Borax<br>1303-96-4     | STEL: 6 mg/m <sup>3</sup> inhalable particulate matter<br>TWA: 2 mg/m <sup>3</sup> inhalable particulate matter | (vacated) TWA: 10 mg/m <sup>3</sup> | TWA: 5 mg/m <sup>3</sup> |
| Citric Acid<br>77-92-9 | -   | 15 mg / m3 (Total)                  | -                        |

### Appropriate engineering controls

**Engineering Controls** Ensure adequate ventilation, especially in confined areas. Eyewash stations. Showers.

### Individual protection measures, such as personal protective equipment

**Eye/Face Protection** Use safety glasses or chemical splash goggles.

**Skin and Body Protection** Wear rubber gloves or other impervious gloves.

**Respiratory Protection** No protection is ordinarily required under normal conditions of use and with adequate ventilation.

**General Hygiene Considerations** Handle in accordance with good industrial hygiene and safety practice.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

### Information on basic physical and chemical properties

|                                     |  |                               |                          |
|-------------------------------------|--|-------------------------------|--------------------------|
| <b>Physical state</b>               | Liquid   | <b>Odor</b>                   | Lavender fragrance added |
| <b>Appearance</b>                   | Clear purple solution                          | <b>Odor Threshold</b>         | Not determined           |
| <b>Color</b>                        | Clear purple                                   |                               |                          |
| <b>Property</b>                     | <b>Values</b>                                  | <b>Remarks • Method</b>       |                          |
| <b>pH</b>                           | 6.8 - 7.2 (conc.)<br>7.6 - 8.0 (1:32 dilution) |                               |                          |
| <b>Melting Point/Freezing Point</b> | Not determined                                 |                               |                          |
| <b>Boiling Point/Boiling Range</b>  | 100 °C / 212 °F                                |                               |                          |
| <b>Flash Point</b>                  | None   | Tag Closed Cup<br>(Water = 1) |                          |
| <b>Evaporation Rate</b>             | 1.0  |                               |                          |
| <b>Flammability (Solid, Gas)</b>    | Liquid-Not applicable                          |                               |                          |
| <b>Flammability Limits in Air</b>   |  |                               |                          |
| <b>Upper Flammability Limits</b>    | Not applicable                                 |                               |                          |
| <b>Lower Flammability Limit</b>     | Not applicable                                 |                               |                          |
| <b>Vapor Pressure</b>               | Not determined                                 |                               |                          |
| <b>Vapor Density</b>                | Not determined                                 |                               |                          |
| <b>Relative Density</b>             | 1.038  |                               |                          |
| <b>Water Solubility</b>             | Infinite                                       |                               |                          |
| <b>Solubility in other solvents</b> | Not determined                                 |                               |                          |
| <b>Partition Coefficient</b>        | Not determined                                 |                               |                          |
| <b>Auto-ignition Temperature</b>    | Not determined                                 |                               |                          |
| <b>Decomposition Temperature</b>    | Not determined                                 |                               |                          |
| <b>Kinematic Viscosity</b>          | Not determined                                 |                               |                          |
| <b>Dynamic Viscosity</b>            | Not determined                                 |                               |                          |
| <b>Explosive Properties</b>         | Not determined                                 |                               |                          |
| <b>Oxidizing Properties</b>         | Not determined                                 |                               |                          |

## 10. STABILITY AND REACTIVITY

### Reactivity

Not reactive under normal conditions.

### Chemical Stability

Stable under recommended storage conditions.

### Possibility of Hazardous Reactions

None under normal processing.

#### **Hazardous Polymerization**

Hazardous polymerization does not occur.

### Conditions to Avoid

Keep separated from incompatible substances. Keep out of reach of children.

### Incompatible Materials

Chlorine bleach.

### Hazardous Decomposition Products

Carbon oxides.

## 11. TOXICOLOGICAL INFORMATION

### Information on likely routes of exposure

#### Product Information

|                     |                                  |
|---------------------|----------------------------------|
| <b>Eye Contact</b>  | Causes serious eye irritation.   |
| <b>Skin Contact</b> | Avoid contact with skin.         |
| <b>Inhalation</b>   | Avoid breathing vapors or mists. |
| <b>Ingestion</b>    | Do not ingest.                   |

### Component Information

| Chemical Name                       | Oral LD50                                 | Dermal LD50              | Inhalation LC50 |
|-------------------------------------|---|--------------------------|-----------------|
| Sodium xylenesulfonate<br>1300-72-7 | = 1000 mg/kg ( Rat )                      | -                        | -               |
| Borax<br>1303-96-4                  | = 3493 mg/kg ( Rat ) = 2660 mg/kg ( Rat ) | > 10000 mg/kg ( Rabbit ) | -               |
| Citric Acid<br>77-92-9              | = 3 g/kg ( Rat ) = 3000 mg/kg ( Rat )     | -                        | -               |

### Information on physical, chemical and toxicological effects

|                 |  |
|-----------------|--|
| <b>Symptoms</b> | Please see section 4 of this SDS for symptoms. |
|-----------------|--|

### Delayed and immediate effects as well as chronic effects from short and long-term exposure

|                        |   |
|------------------------|---|
| <b>Carcinogenicity</b> | Based on the information provided, this product does not contain any carcinogens or potential carcinogens as listed by OSHA, IARC or NTP. |
|------------------------|---|

| Chemical Name      | ACGIH | IARC     | NTP | OSHA |
|--------------------|-------|----------|-----|------|
| Borax<br>1303-96-4 |       | Group 2A |     | X    |

#### Reproductive toxicity

Sodium Borate: Sodium borate and boric acid interfere with sperm production, damage the testes and interfere with male fertility when given to animals by mouth at high doses. Boric acid produces developmental effects, including reduced body weight, malformations and death, in the offspring of pregnant animals given boric acid by mouth. The above mentioned animal studies were conducted under exposure conditions leading to doses many times in excess of those that could occur through product use or inhalation of dust in occupational settings. Moreover, a human study of occupational exposure to sodium borate and boric acid dusts showed no adverse effect on fertility.

### Numerical measures of toxicity

Not determined.

## 12. ECOLOGICAL INFORMATION

### Ecotoxicity

The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.

**Component Information**

| Chemical Name          | Algae/aquatic plants | Fish   | Crustacea                            |
|------------------------|----------------------|--|--------------------------------------|
| Citric Acid<br>77-92-9 |                      | 1516: 96 h Lepomis macrochirus<br>mg/L LC50 static | 120: 72 h Daphnia magna mg/L<br>EC50 |

**Persistence/Degradability**

Not determined.

**Bioaccumulation**

Not determined.

**Mobility**

| Chemical Name          | Partition Coefficient |
|------------------------|-----------------------|
| Citric Acid<br>77-92-9 | -1.72                 |

**Other Adverse Effects**

Not determined

**13. DISPOSAL CONSIDERATIONS****Waste Treatment Methods****Disposal of Wastes**

Disposal should be in accordance with applicable regional, national and local laws and regulations.

**Contaminated Packaging**

Disposal should be in accordance with applicable regional, national and local laws and regulations.

**California Hazardous Waste Status**

| Chemical Name      | California Hazardous Waste Status |
|--------------------|-----------------------------------|
| Borax<br>1303-96-4 | Toxic                             |

**14. TRANSPORT INFORMATION****Note**

Please see current shipping paper for most up to date shipping information, including exemptions and special circumstances.

### US Federal Regulations

#### **CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355).

#### **SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

#### **CWA (Clean Water Act)**

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

### US State Regulations

#### **California Proposition 65**

This product does not contain any Proposition 65 chemicals.
